6.6. Summary table of the intervention logic showing the measures selected for IPARD, the quantified targets

Table 42. Quantified Targets of the Programme

Measure	Quantified target	Programme targets (total as combination of indicators at measure level)
Investments in Physical Assets of Agricultural Holdings (Enterprises)	Number of farms and agri-food processing enterprises supported by IPARD in modernization: 220 330 Total investment on farms and agri-food sector in modernization (EUR): 165 000 000 247 500 000 Number of farms and food processing enterprises receiving IPARD investment support to progressively align with the EU hygiene and animal welfare standards: 345 517 Number of jobs created: 3 130 4 695 Number of young farmers receiving IPARD support for investment: 225 337 Number of supported producer organizations: 103 155 Number of farmers participating in supported Producer Organizations, local markets, short supply chain circuits and quality schemes: 10 300 15 450 Number of collective investments: 86 129 Number of IPARD recipients with support in investments related to care for the environment or climate change: 510 766 Number of IPARD recipients with support in investments related with manure management: 243 365 Number of IPARD recipients with support in investments in waste treatment or management: 138 207 Number of IPARD recipients with support in investments in renewable energy production: 138 207 Number of projects with circular economy-type investments: 69 104 Number of IPARD recipients with support for non-productive investments: 80 120	Number of projects having received IPA support in agri- food and rural development: 2 330 3 142 Total investment amount (EUR) realized in agri-food sector and rural development via IPA: 727 000 000 1 113 000 000 Number of enterprises performing modernization projects: 1 560 2 340 Number of enterprises progressively upgrading towards EU standards: 520 780 Employment created (gross): 11 077 17 912 Number of beneficiaries investing in improving resource efficiency in the agriculture, food and forestry sectors and supporting the transition to a low-carbon and climate-compatible economy: 1 133 1 666

	Number of non-productive investment operations supported in complementarity with M4: 0 Total value of investment (EUR): 250 000 000 375 000 000	
Investments in Physical Assets Concerning Processing and Marketing of Agricultural and Fishery Products	Number of farms and agri-food processing enterprises supported by IPARD in modernization: 140 210 Total investment on farms and agri-food sector in modernization (EUR): 102 000 000 153 000 000 Number of farms and food processing enterprises receiving IPARD investment support to progressively align with the EU hygiene and animal welfare standards: 175 263 Number of jobs created: 2 250 3 375 Number of supported producer groups/organisations: 45 68 Number of farmers participating in supported Producer Groups, Producer Organisations, local markets, short supply chain circuits and quality schemes: 4 500 6 750 Number of collective investments: 40 60 Number of IPARD recipients with support in investments related to care for the environment or climate change: 150 225 Number of IPARD recipients with support in investments in waste treatment or management: 80 120 Number of IPARD recipients with support in investments in renewable energy production: 40 60 Number of projects with circular economy-type investments: 35 53	
Agri-Environment-Climate and Organic Farming	Number of contracts: 400 Number of contracts for Management of soil cover and soil erosion control: 300 Number of contracts for Biodiversity: 100 -Total agricultural land (ha) under environmental or/and climate contracts Management of soil cover and soil erosion control: 2 100 ha Biodiversity: 1 000 ha -Total area (ha) per type of operation included in the following categories	

	Management of inputs (including integrated production, reduction in fertilisers use and in pesticides use, comprising precision farming, manure management, etc.): 1 000 ha Cultivation practices (including crop rotation, crop diversification, soil management through conservation or no tillage, soil cover, etc.): 3 100 ha Management of landscape, habitats, grassland (including setting and management of landscape features, including wetland and peatland, species conservation, extensive grassland management, etc.): 1 000 ha Within the support for endangered breeds Number of supported species: ≥0 Number of supported animals: 0 Within the support for endangered plant varieties Total area for each supported variety: 0 Number of holdings supported for; Conversion into organic farming: 0 Maintenance of organic farming: 0 Total area supported for; Conversion into organic farming: 0 Maintenance of organic farming: 0	
Implementation of Local Development Strategies – LEADER Approach	Number of information and publicity activities: 4 805 Number of trainings of LAGs: 1 202 Number of participants attending information and publicity activities: 96 096 Number of participants who have undergone training activities: 12 013 Number of local development strategies: 80 Number of LAGs operating in rural areas: 80 Population covered by LAGs: 2 402 400 Number of projects recommended: 802 Number of small projects: 4 805 Gross number of jobs created: 197 Number of IPARD recipients with support in investments in renewable energy production: 3	

Investments in Rural Public Infrastructure	Number of supported local infrastructures: 160 240 Number of IPARD recipients with support in investments related to care for the environment or climate change: 80 120 Number of IPARD recipients with support in investments in waste treatment or management: 60 90 Number of IPARD recipients with support in investments in renewable energy production: 80 120 Number of new jobs created: 1 250 1 875 Total investment in rural diversification, business development and infrastructure (EUR): 200 000 000 300 000 000	
Farm Diversification and Business Development	Number of recipients of IPARD investment support in rural diversification and business development: 1 650 2 475 Number of farms on agri-food processing enterprises supported by IPARD in modernisation: 1 200 1 800 Total investments on farms and agri-food sector in modernization (EUR): 100 000 000 150 000 000 Total investment in rural diversification, business development and infrastructure- (EUR): 175 000 000 262 500 000 Number of new jobs created: 5 000 7 500 Number of young farmers receiving IPARD support for investment: 4 000 6 000 Number of supported producer groups/organizations: 120 180 Number of IPARD recipients with support in investments in renewable energy production: 420 630 Number of projects with circular economy-type investments: 100 150 Number of organic farms with IPARD support to investments: 50 75 Number of IPARD recipients with support in investments in waste treatment or management: 50 75 Number of farmers participating in supported Producer Groups, Producer Organizations, local markets, short supply chain circuits and quality schemes: 120 180 Number of collective investments: 50 75	

	Number of IPARD recipients with support in investments related to care for the environment or climate change: 450 675	
Technical Assistance	Number of promotion materials for general information of all interested parties (leaflets, brochures etc.): 350 000 Number of publicity campaigns: 7 Number of expert assignments supported: 20 Number of trainings, workshops, conferences, seminars: 50 Number of meetings of the monitoring committee: 14 Number of studies on elaboration and implementation of programme measures: 10 Number of programme evaluation reports: 4 Number of rural networking actions supported: 26	

ANNEX 2

Table 64. Calculation of transaction costs for the AE

	Hours	Total costs per farm, TL	Costs per year, TL	Related description
Participation of applicant to compulsory training (farm labour costs)	4	75 (150 TL / day)		Training is free for farmers but the farmers will be compensated for time spent away from farm work
Preparing farm records book (farmlabour costs)	8	150 (150 TL / day)		
Advisory costs	4	300 3000		
Total		525 3225 TL	45 TL / year	300 3000 TL for advisory services payable in the 1 st year.

ANNEX 3

SCORING SHEET FOR SELECTION OF LDS

1. LOCAL DEVELOPMENT STRATEGY FRAMEWORK	5
Common points were used in preparing the LDS: A framework was established between the main development issues, vision and partnership, and the summary of the SWOT analysis and the priorities of the LDS. (1-5 points)	insufficient=1, partially defined=3, detailed definition=5
2. CHARACTERISTICS OF THE LOCAL ACTION ASSOCIATION (LAG)	22
2.1 Overall Structure of LAG Area	12
a) Natural, geographical and administrative borders of the LAG area are defined. (1-3 points)	insufficient=1, partially defined=2, detailed definition=3
b) Data and information regarding the population of the LAG area (age, gender, etc.) are defined. (1-3 points)	insufficient=1, partially defined=2, detailed definition=3
c) Data and information related to the economic structure (agriculture, infrastructure, labour force and employment, etc.) and social structure (poverty, education, NGOs, etc.) of the LAG area are defined. (1-3 points)	insufficient=1, partially defined=2, detailed definition=3
d) Historical, cultural and tourism activities specific to the LAG area are defined. (1-3 points)	insufficient=1, partially defined=2, detailed definition=3
2.2 Local Resources, Opportunities, Challenges and Priorities	4
a) The characteristics that distinguish the LAG area from others are explained. (1-4 points)	insufficient=1, partially defined=3, detailed definition=4
2.3 Legal Structure and Management Model	6
a) Number of women on the LAG management board. (1-2 points)	1=1 points, 2=2 points

b) Young members under the age of 25 on the LAG management board. (1-2 points)	1=1 points, 2=2 points
c) Balanced distribution of public, civil society and private sector representation on the LAG management board (1-2 points)	1=1 point, 2=2 points
3. LOCAL PARTICIPATION AND GOVERNANCE PROCESS	28
3.1 Training Activities and Awareness Raising	4
a) Information should be provided on training and awareness-raising activities carried out and planned for all stakeholders in the LAG area. (1-2 points)	partially defined=1, detailed definition =2
b) The management of public resources is described. (1-2 points)	partially defined=1, detailed definition =2
3.2 Vision of the Partnership	5
a) The defined vision is clearly based on the fundamental statements of the SWOT analysis, including the current state of the area and actual needs. (1-5 points)	insufficient=1, partially defined=3, detailed definition=5
3.3 Stakeholder Analyses	19
a) Stakeholder analyses; draft LDS has been discussed by holding stakeholder interviews and consultation meetings and focus group meetings with a wide range of local stakeholders. (1-3 points)	insufficient=1, partially defined=2, detailed definition=3
b) The LDS includes meetings with local representatives as well processes related to public opinion polls and surveys, and consultation on implementation and evaluation. (1-3 points)	insufficient=1, partially defined=2, detailed definition=3
c) Community Participation: The SWOT analysis is prepared with the participation of local stakeholders. (1-3 points)	insufficient=1, partially defined=2, detailed definition=3
d) SWOT Analysis; The strengths, weaknesses, opportunities, and threats of the area are presented in sufficient quality within the scope of the LDS. (1-5 points)	insufficient=1, partially defined=3, detailed definition=5
e) Cooperation and Network Analysis; how LAG builds networks and collaborations, what its plans are, and the voluntary contributions of stakeholders are described. (1-5 points)	insufficient=1, partially defined=3, detailed definition=5

4.LOCAL DEVELOPMENT STRATEGY OBJECTIVES AND BASIC CONTENT	5
4.1 Links to Strategy Documents and Policies	5
a) The role of national/regional development programmes in the LAG area and their relationship with priorities are described. (1-5 points)	insufficient=1, partially defined=3, detailed definition=5
5.PREPARATION OF LOCAL DEVELOPMENT STRATEGIES	15
a) Selection and Justification of Priority Themes; Priorities are determined based on SWOT analysis (1-5 points)	insufficient=1, partially defined=3, detailed definition=5
b) Planned Activities (Projects); Activities are defined according to priorities. (1-5 points)	insufficient=1, partially defined=3, detailed definition=5
c) Project-Specific Work/Action Plans; The number of proposed activities and the allocated budget are proportionate. (1-5 points)	insufficient=1, partially defined=3, detailed definition=5
6.FINANCIAL INFORMATION	10
a) Budgeting and financial reporting management are described. (1-5 points)	insufficient=1, partially defined=3, detailed definition=5
b) Identification of complementary funds: Mobilisation of additional resources for the implementation of the LDS, such as national funding, voluntary work, etc. (double funding will be avoided) (1-5 points)	insufficient=1, partially defined=3, detailed definition=5
7.IMPLEMENTATION OF LOCAL DEVELOPMENT STRATEGIES	10
7.1 Implementation of Small Projects	5
a) How LAG ensures animation and implements small projects is described. (1-5 points)	insufficient=1, partially defined=3, detailed definition=5
7.2. Market, Branding and Development of Competitive Opportunities.	5
a) Geographically indicated products, development of short supply chains, and strengthening the values of the LAG area through branding are described. (1-5 points)	insufficient=1, partially defined=3, detailed definition=5
8. COMMUNICATION AND PUBLICITY	5
a) The communication and publicity activities planned for the implementation of the LDS are described. (1-5 points)	insufficient=1, partially defined=3, detailed definition=5

TOTAL SCORE	100
Evaluation of Results/Comments and Justifications:
